## INTRODUCTION

B.Tech Computer Science student proficient in React, Node.js, Java, SQL, and REST APIs, with foundational knowledge in AI/ML using Python and data analysis techniques. Experienced in building scalable full-stack applications integrated with intelligent solutions. .

## EDUCATION

- |  |   |
|--|---|
| • <b>GLA University Mathura</b><br>B.Tech in Computer Science (AIML and IoT) — CPI: 7.6/10.0 | Mathura, Uttar Pradesh<br>Expected May 2027 |
| • <b>Shivalik Cambridge College</b><br>Intermediate — Percentage: 84.6%                      | Agra, Uttar Pradesh<br>Completed 2022       |
| • <b>Shivalik Cambridge College</b><br>High School — Percentage: 82%                         | Agra, Uttar Pradesh<br>Completed 2020       |

## PROJECTS

- |  |               |
|--|---------------|
| • <b>AI-Based Exam Evaluation System</b><br><i>Python, ML, NLP, FastAPI</i>  | GitHub        |
| – Built an automated subjective answer evaluation system using NLP-based similarity scoring.<br>– Developed REST APIs with FastAPI for scalable backend integration and faster evaluation. |               |
| • <b>FoodieHub – Food Ordering Platform</b><br><i>HTML5, CSS3, JavaScript, Bootstrap, AWS</i>  | GitHub   Live |
| – Developed and deployed a responsive food ordering platform on AWS (S3) with dynamic search and cart functionality.<br>– Optimized UI/UX for smooth performance across devices.           |               |
| • <b>Personal Portfolio Website</b><br><i>React.js, JavaScript, Tailwind CSS, Vercel</i>   | GitHub   Live |
| – Designed and developed a responsive portfolio using React with component-based architecture.<br>– Deployed on Vercel for fast global delivery and continuous deployment.                 |               |

## TECHNICAL SKILLS

- **Programming:** Python, Java, JavaScript, HTML/CSS
- **Full Stack:** React, Node.js, REST APIs
- **AI/ML:** TensorFlow, PyTorch, Scikit-learn, Keras, NumPy, Pandas, Matplotlib, Seaborn
- **Databases:** MongoDB, MySQL
- **Tools:** Git, GitHub, AWS, Vercel, Render, Jupyter Notebook, Google Colab, Linux

## CERTIFICATIONS

- |  |           |
|--|-----------|
| • <b>Applied Machine Learning with GenAI</b><br><i>W3GRADS</i> | July 2025 |
| • <b>Micro Internship – Data Analysis</b><br><i>Skillcred</i>  | July 2024 |
